A

Resort & Hotel Management System

Complete Digital Operations — All in One App

● LIVE & DEPLOYED Already running at Anjanvel Agro Tourism Resort

THE PROBLEM

- ✗ Manual registers and Excel sheets lead to errors and lost bookings
- ✗ No real-time visibility on room status, food orders or housekeeping
- ✗ Guests have no self-service — every request needs staff involvement
- ✗ Billing is slow, inaccurate and hard to track across departments

↓

OUR SOLUTION

- ■ Booking Management
- ■■ Guest Roadmap
- ■■ Food Orders & Kitchen
- ■ Housekeeping Tasks
- ■ Billing & Reports
- ■ Guest Self-Service
- ■ Staff & Attendance
- ■ Analytics Dashboard

★ GUEST SELF-SERVICE PORTAL ★

Guests scan a QR code in their room to order food, request housekeeping & view their bill — no app download needed

■ Try the Live Demo Right Now
